## Summer wines 2024 - Summer offers – MAGNUM pre-orders for the 2023 vintage

{%anr%},

All the summer work such as stapling leaves by hand, topping (shortening the shoots that protrude above the top wire) by hand and plant protection against fungal diseases are in full swing. The vines have largely recovered from the frosty days at the end of April and are currently in full bloom. The sunny weather of the last few days has ensured that the somewhat hesitant flowering with occasional grape trickles due to the initially cool June temperatures is now rapidly coming to an end. The first pin-sized berries can already be seen here and there.

### MAGNUM pre-orders for the 2023 vintage

The bottling of the 2023 single-vineyard wines and GOLDKAPSEL single-vineyard wines is coming up soon and we would like to give you the opportunity to pre-order one or two 1.5-liter MAGNUM bottles, which we will fill exclusively for you on pre-order. The list of wines for which you can pre-order 1.5 L MAGNUM bottles can be found in the appendix or by [clicking -> here](#). Please let us know your order request by 15.07.2024.

### Summer wines 2024
